PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. You can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued counsel with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires None.

Number of acres burned None.

Number of permits issued 75.

SUPERINTENDENT'S REPORT

To The School Board and Citizens of Bennington:

It is a pleasure for me to present my seventh annual report for your consideration.

A really drastic change took place at the Pierce School in September when Mrs. Ruth Cody, who for so many years successfully taught in the upper grades, accepted the challenge of moving into the primary area. Mrs. Cody is doing her usual fine job, and we hope it will be her desire to continue to give these youngsters a fine start in their school life.

Mr. Raymond Lawrence was engaged to succeed Mrs. Cody in grades seven and eight while Mrs. Powers and Miss Walsh continue to do good work in their previous grade assignments.

Again this year there has been a sizable increase in pupil registration. As of October 1st, in the past three years our registration was as follows:

	1958-59	1959-60	1960-61
Grade I	13	14	15
Grade II	10	14	16
Grade III	12	12	14
Grade IV	13	15	12
Grade V	10	13	14
Grade VI	10	9	13
Grade VII	5	9	8
Grade VIII	11	5	9
Total	84	91	101

Two factors stand out from examination of this chart:

(1) It would appear that our enrollment will continue to increase for the next two years.

(2) That 31 pupils in a multiple teaching situation is too large for effective teaching at the primary level.

It is expected that tuition rates for 1961-62 will be as follows: Peterborough \$436; Hillsboro-Deering \$414 and Antrim \$400. This is a sizable increase in all towns, but justified by their per-pupil cost figures as established by the State Department of Education.

Of course, this increased tuition cost, plus an increased number of tuition pupils, results in a budget requiring a larger appropriation.

The school plant is in fine condition, with the exception of a bit of contemplated roof work. The Sawyer brothers continue their fine custodial work.

It has, indeed, been a pleasure to work with the School Board, pupils, teachers and citizens of Bennington this past year, and I appreciate the fine cooperation.

Respectfully submitted,

NORMAN R. HARTFIEL
